Position Overview:

Consultants work within an engagement team and are not responsible for project management. Key responsibilities will include identifying business requirements, requirements management, functional design, prototyping, process design (including scenario design, flow mapping), testing, training, defining support procedures, and supporting implementations.

Responsibilities Include:

- Primary responsibility for CPM software by providing expertise in the design, development, and configuration of application build
- Understand source data mapping between applications
- Knowledge of accounting monthly close operations and/or budget operations
- Documentation of CPM processes and instructions for users
- Follow Change Management control procedures when implementing changes
- Work on special projects as assigned by Director of CPM Solutions
- Support the Company's mission, values, and goals in performance of daily activities

Qualifications:

- 1+ years relevant experience implementing one or more CPM/EPM technologies (OneStream, Oracle Hyperion Planning, HFM, PBCS/ePBCS, etc.)
- Proficient skills in MS Excel
- BS in Accounting, IT, Finance or relevant field

Desired skills:

- Functional knowledge around financial systems and processes
- Proven skills as a team member, team lead, or project manager on at least one full life cycle implementation
- A proven resource in defining systems strategy, developing systems requirements, designing and prototyping, testing, training, defining support procedures, and implementing practical business solutions under multiple deadlines
- Ability to work independently, manage small engagements or parts of large engagements
- Interest in gaining exposure across multiple industries
- Adept at implementing technology-enabled business solutions for clients as part of a highly talented team
- Strong oral and written communication skills, including presentation skills (MS Visio, MS PowerPoint, MS Word, MS Excel, MS Outlook)
- Strong problem solving and troubleshooting skills with the ability to exercise mature judgment
- Ability to collaborate with clients
- Self-starter and highly motivated, thrive on challenges and proven ability to succeed in dynamic environments

Excel Global Partners offers equal employment opportunities to all applicants for employment and all employees regardless of race, age, religion, sexual orientation, gender expression, color, physical handicap, veteran status, creed, or any other status protected by applicable law.
