FINANCIAL SYSTEMS

Implementation: Excel Global Partners (EGP) is a premier consulting firm that is prepared to support your organization with a system implementation from beginning to full speed on any of today's leading Enterprise Performance Management (EPM) solutions. Implementation strategies involve several intricate stages, requiring a sophisticated project management team that is experienced with the necessary skills to lead a successful conversion. EGP consultants will deliver solutions to your company - we will partner with your management team to make solid decisions and deliver exceptional technical skills to make the process a smooth and successful transition.

On-Demand Database Administration: EGP is so confident in its system implementation solutions, that we offer to all of our clients an On-Demand service for long-term system administration as a value co-creator. This solution is for those companies that do not wish to invest in the overhead of a full-time system administrator. We are confident that this service is a great fit for our customers who will only need the expertise of an administrator when there are significant changes to their system; thereby saving thousands of dollars a month in payroll costs. We will be available when you need us - Financial System Administration On-Demand!

Value recognized Performance Evaluation and Tuning: EGP recommends performance and evaluation tuning to clients who are already on a current leading EPM system. Our consultants will save you time and money, improve your system performance, and take your reporting and analytical capabilities to the next level.

UNLEASH THE POWER OF EGP

EGP professionals have real-world experience in implementing and administering a wide variety of financial systems. Additionally, experience supporting businesses of varying sizes and across an array of industries ensures proven and practical advice is given to our clients. EGP delivers solutions for your competitive edge in the marketplace. We listen to your needs and take the confusion out of growing your business by providing long-term solutions that work. We deliver every time. That's the EGP difference.

Client Catered Customized Solution: At EGP we build to suit the client with our expansive base of real business experience and knowledge. The systems will be built to meet the business's needs and demands - we know how to bridge the gap between your Finance, Accounting, and IT organizations' challenges.

Top Notch Training: EGP offers customized training on your system to your employees, thereby creating sustainability and value for your organization. Our skilled consultants have delivered training at many levels on a wide array of products. We can develop and/or deliver - you decide!

accelerate your business!
